Special Legislation

Parties desiring legislation the coming winter, should bear in mind that under the amended Constitution there can be but little special legislation hereafter. Article IV., section 7, of the new Constitution, says :

11. The Legislature shall not pass private, local or special laws in any of the following enumerated cases, that is

Laying out, opening, altering and working roads or highways.

alley or public grounds. Regulating the internal affairs of towns and counties; appointing local officers or commissions to regulate municipal affairs.

Selecting, drawing, summoning or maidens, and youths, and empaneling grand or petit jurors. Creating. in reasing or decreasing the percentage or allowance of public officers during the term for which said officers were elected or appointed. Changing the law of descent.

MONTCLAIR RAILWAY Granting to any corporation, association or individual any exclusive privilege, immunity or franchise whatever. Granting to any corporation, association or individual the right to lay down railroad tracks.

Providing for changes of venue in civil or criminal cases. Providing for the management and support of free public schools.

Saving are Messrs. O'Re arough the trees we lingering went.

Cronham, Cook, and H. dreamed.

The legislature shall pass general laws providing for the cases enumerated dream. ted in this paragraph, and for all cases which, in its judgement, may be provided for by general laws . The legislatempt to deceive w d soft was the small white hand I pressed, ring corporate powers, but they shall Hudson River, three miles northeast from the ture shall pass no special act conferpass general faws under which corporations may be organized and corporate power of every nature obtained. subject, nevertheless, to repeal of alteration at the will of the legislature

COMPORTABLE CARS.

FLEASANT SCENERY

The new site of ARLINGTON, the first station centre of Newark, offers greater inducements those who desire cheap and quiet rural homes than any other place in the vicinity of New York. It is reached in thirty minutes from Cortlandt Street, and affords to merchants, clerks, mechanics, and salaried men of New York City, a repose from their daily

been completely solved by the construction of the Montclair Railway. A ride of 6 miles from Jersey City Ferry brings us to a high, rolling the surrounding country for many miles.

TO REACH ARLINGTON.

To reach Arlington, we cross from Cortlandt or Desbrosses Street, and in ten minutes are seated in luxurious cars, which, in fifteen minutes more, we leave, and step out into the cool shades and rural retreats of Arlington.

Three Miles Nearer than the City of Newark.

The property has hitherto been held for tarming purposes, and is consequently cheaper than any other within an equal distance from REAL ESTATE.

The old fogies who are usually found op posing improvements in country places have S. A. MURDEN. already been swept away, leaving a clear field for the progressive army of occupation. We can say with truth that so locality within the same distance from the City Hall presents to the man of moderate means so many and so Insurance Agent, great advantages . are offered here at Ar-

MAMMOTH JAPANESE SEED CORN

Conqueries poverty, blessing the earth, And bidding defiance to good Famine end diffe variety of consever proun in America. This is the test men , of thirteen papers pubbelied in different states to whom we sent VELVETEENS mall sample parkages in a year to best it. The Times, of Huntaville, Texas, since 1 "We have seen a specimen stalk of this corn, which has twent six freege years fully matured on and is just the thing needed " - Times, Natchitoches, Miss, "It is superior to any other variety."-Journal, Corning, N. Y. "It will be a valuable acquisition to the agricultural pro ucte of the country."-Gazette, bulphur Spring, Texas. This corn can be sown in the latter part of July and repended before frost.

Index, Warsaw. Mo. "It is highly recom mended by those who have tried it. - Ohio Re-

posttory. "We have heard this corn highly spoken of by the Fress."—Advertiser, Monton, Ala. "It will yield in our climate two crops a year."—Milertiser, Bastrop, Texas. "It can be successfully grown in Canada."-Montreal World. "It is peculiarly adapted to Loag, Keckuk, Town. "It is swamp land. "-Dr. Johnson, -Ocala We have the almore testing our office, and could produce space would permit. It will produce 50 to 200 bushels of shelled corn to the acon any soil, from Florida to Oregon. We possees shoorn statements of these facts. The important points of superiority claim ed for this corn over other tageties, and which are fully sustained by voluntary statements from farmers who raised from seled got of unlast year are those; lat. This Corn will yield from twice to three times as many bushels to the acre on the same soil and with the same culture. 2d. The Corn is heavier in arger and longer ear and thinner, busk, and makes cornmeal for family use sweeter and

more nutritions and valuable torfeeding stock. 3d, The stalks grow more vigorous and healthy and sufficiently strong to produce from 3 to 30 well-developed ears. 4th. The stalks bear more foliage and are better for feeding.
bth. That it will grow and produce a profitable crop on ground where other corn will not grow to maturity. 6th, it ripens earner and is not liable to be caught by irest. th. To be cut green and used for feed ing, it is fitty per cent better than any other var ety of born. Our corn has been selected with the greatest

care, the small end of every ear broken off, the rest shelled by hand.

The increase yield per acre over the old varictics will pay for the send twenty times over; besides, every farmer that plants this year will have a large demand for send at 2004 This corn was produced by some procured by our Consular Agent, and raid to have its origin in Japan. TERMS.
